

## The Chart Challenge

Whether you're still a "paper chart" pilot, or have gone to "all glass", we'll cover fundamentals that are important to everyone, including:- Challenging questions about VFR Sectional, and Hi/Low Altitude IFR charts. - Tie-ins with mission planning, real world procedures, and decision making.- Analysis of accidents caused by chart misinterpretation.- Important 'gotchas' and how to AVOID them!

**Directions:** If flying in, ground crews will direct pilots to the Hubner Hangar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
